

Infrastructure Project

- TIET is enlisted under Fund for Improvement of S & T Infrastructure DST (FIST), Government of India, for the term 2018-2022 giving new, wider wings to augment its teaching and research facilities.

Research Project

CHED, TIET receives support for its upcoming research project, to strengthen its contributions to engineering pool of knowledge. Some of our ongoing research projects include:

- Polymer Fiber addition to multi-scale glass fiber reinforced clay epoxy nanocomposites for improved impact strength, DST Govt. of India, 2018
- Electroreduction of carbon dioxide to ethanol using nanostructured copper based electrocatalyst, DST- SERB, Govt. of India, 2018
- Polylactide Polypropylene blends preparation, characterization, degradability and eco toxicity studies, CSIR, Govt. of India, 2017
